The HDIS billing software used by the Health Department was installed on the new laptop PCs and updated. After all the user files are migrated over to the new machines, the laptops bought back in the spring will be ready to use by Health Department users.

A new calendar was created for use with the Riecker Building Community Room. The calendar was created in Google Calendar and will be used to deconflict Community Room booking dates and times. The calendar was also added to the Commissioners' website as well, allowing everyone to see when the room is in use. Private information with regard to who has booked the room is not displayed on the public calendar.

A plan is underway to revamp the webpage and make it more mobile-friendly. All content will remain the same, it will just be laid out in a more vertical format to make it easier to view on smartphones and tablets.

The IT Director's office has moved to Suite G of the Development Office.

The IT Director and Maintenance Supervisor will work on getting the outside doors to the Riecker Building re-keyed, determine who needs a key to the outside doors, and establish a system of tracking and accountability for keys that are issued.
